TestGenie Answer Key

Class: 1

Subject: English

Answer Key for Class 1 English Question Paper: "Two Little Hands"

Descriptive Questions:

1. Describe how you can use your two little hands to play your favorite game.

Answer: You can use your hands to throw a ball, catch it, and pass it to a friend when playing catch or any ball game. For example, in basketball, you use your hands to dribble the ball, aim, and shoot it into the basket. Hands help you hold on to the equipment and interact with other players.

2. What activities can you do with your friends using your hands? Mention at least three.

Answer: You can play games like handball, where you throw and catch a ball with your hands. You can also create art together by drawing or painting, using your hands to hold brushes. Another activity could be making crafts, where you use your hands to cut, glue, and shape materials.

3. Why do you think it is important to learn to play with others? Give your reasons.

Answer: It is important to learn to play with others because it helps develop social skills and teamwork. Playing together teaches us how to share, take turns, and communicate effectively. It also builds friendships and makes the playtime more fun and enjoyable.

4. How do children in the picture express their joy while playing? Describe what you see.

Answer: The children in the picture are smiling and laughing, indicating they are having a great time. They may be jumping or running around, showing excitement. Their body language, such as raised arms or clapping hands, expresses their happiness while participating in the games.

5. What are some ways to help a younger sibling use their hands to do activities? Explain.

Answer: You can guide your younger sibling by showing them how to hold a pencil correctly for writing or drawing. You can help them play simple games like building blocks, showing them how to stack them. Assisting them in arts and crafts activities to cut, color, or glue can also help them develop their hand skills.

6. Describe a time when you helped someone using your hands. What did you do?

Answer: One time, I helped my friend who fell down by using my hands to lift them up. I held their hand to support them as they got back on their feet. I also helped my little brother tie his shoelaces, showing him with my hands how to make the loops.
