Answer Key for Class 3 - English Question Paper

Descriptive Questions

1. Main Idea of the Poem "Colours" and Importance of Sharing:

The poem "Colours" revolves around the joy of sharing crayons among children. It highlights how various colors like red, yellow, blue, and others are important for creativity. Sharing is essential among friends as it enhances collaboration and friendship, allowing them to create and enjoy together rather than working in isolation. Sharing fosters a sense of community and belonging.

2. Significance of Badal and Moti in the Story:

Badal and Moti are depicted as best friends in the story. Their relationship signifies companionship, trust, and mutual support. The interaction between them reveals how friendship can overcome challenges, as they engage in activities together and help one another when needed. Their bond exemplifies the true essence of friendship, where each one contributes positively to the other's experience.

3. Process of Making a Table Mat:

To create a table mat, the essential materials included are A4 sheets and colored paper. The creative steps involved in the activity are: first, cut the colored paper into different shapes and sizes. Then, apply glue to the A4 sheet and arrange the colored paper pieces in a decorative manner. Finally, let it dry and optionally cover the mat with a plastic sheet for durability. This activity promotes creativity and the use of fine motor skills.

4. Games Children Like to Play Outside:

Children enjoy playing a variety of games outside, such as kite flying, tag, and playing ball games. Outdoor play is essential for children as it promotes physical fitness, social skills, and emotional well-being. It allows children to explore nature, engage in imaginative play, and develop teamwork and cooperation skills. Through outdoor play, children can learn important life skills while having fun.

5. Influence of Colours on Feelings:

The poem suggests that colours can have a profound impact on our feelings. For instance, bright colors like yellow may evoke happiness, while blue might evoke calmness. The children's expressions of needing different colors reinforce that colors can influence mood and creativity, enhancing their artistic expressions through various shades. An example is when the children realize that by sharing their crayons, they can create a vibrant, colorful artwork.
